

Reduce time, maximise performance, with Quick Programmes

The Quick Programmes are built for mid-week washes and smaller loads. Choose between the Easy 60-minute wash, Rapid 30-minute cycle, and the 14-minute Refresh wash. For great results, at a time that suits you.

Product Benefits & Features

Quick Programmes, more time for you

The Quick Programmes are built into the machine so you can get more done on busy days. The Easy 60-minute cycle is a great all-rounder, while the Rapid 30-minute programme is on hand for smaller loads. And for an extra quick treatment, the 14-minute Refresh cycle can be selected, too.

- Maximum spin speed: 1200 rpm
- Out of balance control of the drum load
- Fuzzy Logic technology, adapting to the load
- Delay start option - set the machine to start when it suits you
- Child lock
- Feet: 4 adj feet
- Anti-flood protection
- Washing programs: ON/OFF, Eco 40-60, Cottons, Synthetics, Delicates, Wool, Denim, Sport Wear, Spin/Drain, Rinse, Dark Clothes, CleanBoost, 14min Refresh, 30min Rapid, 60m EasyWash

Give your clothes an effective wash with CleanBoost

The CleanBoost 60°C washing programme provides steam at the end of the cycle, to give your clothes a hygienic and efficient clean. This helps reduce bacteria and allergens from your clothes, and supports better laundry hygiene.

Reduce the time of cycles, with FlexiTime

You're always in charge with the FlexiTime button, which lets you speed up cycles to suit your schedule. Tap once to activate, and again to subtract some cycle time. You can do this three more times – every time chopping off a bit more of the cycle's overall duration.

Fewer creases, with EasyIron

The EasyIron programme applies extra care to your laundry cycles, reducing wrinkles and creases in clothes. During the cycle, the drum alternates the direction of its rotation, letting clothes move more freely. So you spend less time standing over the ironing board.

Delay Start, for convenient washing

Delay Start gives you extra control over your washing machine, so clothes can be laundered on your schedule. You can set the delay in one hour intervals, from 2 – 20 hours, so wet clothes are never left sitting in the drum on those busy days.

Product Specification

Water cotton 60	52	The energy consumption of the eco programme in kWh per cycle (EU 2017/1369)	0.825
Drum volume	53	Washing Capacity, kg	8
Motor System	Universal	Max spin speed, rpm	1151
Dimensions (mm) (HxWxD)	847x597x568	Residual humidity, %	52
Depth max, mm	578	Noise Level	79
Wheels/feet	4 adj feet	Duration of eco 40-60 programme in hours and mins at rated capacity (EU 2017/1369)	3:30
Cord Length	1.8		
Inlet hose length (mm)	130		
Outlet hose length (mm)	254_UK_NL		
Connected Load	2200		
Voltage	230-240		
Required Fuse	13		
Frequency	50		
Porthole Type	RIM XL W		
Program list	ON/OFF, Eco 40-60, Cottons, Synthetics, Delicates, Wool, Denim, Sport Wear, Spin/Drain, Rinse, Dark Clothes, CleanBoost, 14min Refresh, 30min Rapid, 60m EasyWash		
ProdPartCode	All Open		
Energy Class	E		
Spin drying efficiency label	B		
Weighted energy consumption in kWh per 100 washing cycles of eco 40-60 programme (EU 2017/1369)	83
